Kernow Coatings Appoints New European Channels Manager

Alan Lomas will join the Kernow Coatings team to help drive growth in target markets

Kernow Coatings, the global leader in the development of digitally printable synthetic substrates, has recently appointed Alan Lomas as the new European Channels Manager. Alan will be responsible for the growth of distributor networks in target markets as well as the growth of Kernow's new line of HP Indigo printable synthetics. In addition to speaking four languages, Alan brings 17 years of experience providing coated and adhesive materials to customers around the world.

For more information, contact Paul Dimery, Group Sales Manager, at [pdimery@kernowcoatings.com](mailto:pdimery@kernowcoatings.com)

## ABOUT KERNOW COATINGS

Kernow Coatings is a global leader in functional surface coating technologies. Among many of its product groups, Kernow manufactures digital print substrates for many of the world's leading brands in narrow and wide formats, as well as gel lighting solutions used across the globe, among others. As a research-based manufacturing company, Kernow delivers innovative products through the constant investment in talent and technology in three facilities located in Penryn, Cornwall, UK.
