

KlearView 142 142SGC

Clear Polyester Film

Applications

- Point of sales, displays
- Special window graphics
- Clear colour separation film
- Map overlays

Benefits

- Glass-clear polyester film
- 100% water resistant
- High-gloss coating
- Antistatic back-coating avoids attracting dust and slipping in the printer

Post Printing Information for Latex & Solvent Inks:

As with all filmic media, this product must be allowed to “gas-out” after printing.

This can be achieved by leaving the prints face up, ideally 24 hours, to set and harden the unique scratch resistant properties.

If unable to do this e.g. with a long print run, after printing the roll stand it vertically and loosely unwind as much as possible, to allow air in and gases out.

Printability:

Thickness:

Available widths:

Recommended Conditions:

Printroom	15°C - 30°C	30% - 65% RH
Usage	-40°C - 80°C	10% - 90% RH
Storage	10°C - 20°C	20% - 50% RH
