

Roll-Ups

Why choose KernowJet Roll-Ups and Pop-Ups?

As roll-up displays have slowly become commoditised, Kernow Coatings has developed the **Supreme range**, offering a cost-effective solution with all the important features and benefits of a high-quality media.

Supreme combines the stability and flatness of polyester with easy printability and fast-drying with all standard Solvent, UV and Latex inks. The films have an anti-static coating, a good scratch-resistance and a low reflection finish.

The Supreme range will cover the vast majority of needs for roll-up, pop-up and hanging banners; offering the best price-to-quality ratio on the market.

The **Ultimate range** remains the benchmark product for pop-up and roll-up display films. Originally called STL, these 100% PVC-free substrates were and are still the best products with a scratch-resistant textured finish.

The unique coating absorbs inks and then hardens, effectively becoming a self-laminating product. This enables flatter displays without lamination-induced curl. Combining all the best features, it is the ultimate solution for variety of display application.

Pop-Ups

Code	Product Name	Thickness	Width (mm)					Length (m)	Printability
