VIVID COLOURS FOR HP INDIGO

When we live in a world that explodes with colours, why should our printable media be any different? Escape the standard white and let your wild side out with KernowPrint Vivid Colours for HP Indigo.

WHY CHOOSE US?

Whether you are producing quick-turn signs in safety orange, luxury menus in rich black, or critical signage in a variety of vivid colours, our media save you time, effort, and ink! Precoloured sheets deliver consistent, rich, vibrant colours for your most vivid of applications and when combined with CMYK or white ink, a whole new world of special effects is just a click away!

TOUGHER than paper

FEATURES

- Produce consistent, beautiful, bold colours time and time again without needing to flood the entire sheet with ink or toner
- Leverage the power of white ink in new ways by overprinting on vibrant shades of yellow, red, orange and black!
- Deliver incredibly vivid safety signs, POP displays, and advertisements in shades impossible to hit with CMYK alone!
